CAREER SUMMARY:

I am an enthusiastic front-end developer with a strong passion for creating interactive and captivating web applications from the ground up. I craft exceptional interfaces from scratch, ensuring pixel-perfect accuracy in transforming templates into responsive and user-friendly websites compatible with various browsers.

WORK EXPERIENCE:

Wired Global

Programs Assistant and Communications Officer | January, 2021 - January 2022

- Assisted in handling internal and external communication including email, telephone enquiries, creating and maintaining filing systems
- Developed and supported brand image including message development, social media creation and media outreach
- Ensured digital marketing content aligned with brand's identity and assisted with marketing campaigns as directed by the Program Coordinator
- Developed and disseminated public relations materials that increased the organization's visibility among stakeholders and target audience
- Assisted in building and maintaining relationships with media personalities and customer audience that helped advance the work of the organization
- Assisted in recruiting any volunteers to assist in different departments

EDUCATION:

2011 - 2015 | Kenyatta University

Bachelor of Science - Exercise and Sports Science

SheCodes - 2023

Front-end Development
